

# Vertebrates

**Part 1 Directions:** Answer the follow questions about a vertebrate. The Animal page on your school web site may be a helpful resource: <http://www.williston.k12.nd.us/landc/Teacher%20Resources/animals.htm>.

1. Animal name: \_\_\_\_\_

2. Classification (circle one):    Fish        Mammal        Bird        Amphibian        Reptile

3. Is it warm blooded or cold-blooded? \_\_\_\_\_

4. What is its body covering? \_\_\_\_\_

5. Is it born alive or from an egg? \_\_\_\_\_

6. How does it travel? \_\_\_\_\_

7. Where does it live? \_\_\_\_\_

\_\_\_\_\_

9. Is it a herbivore, carnivore, or omnivore? \_\_\_\_\_

10. What does it eat? \_\_\_\_\_

\_\_\_\_\_

11. How does it protect itself? \_\_\_\_\_

\_\_\_\_\_

**Part 2 Directions:** A slide show will be created by compiling all of the vertebrates researched by the class. Using PowerPoint, create one slide that includes a picture and the information about the vertebrate you researched.
