Adequate Yearly Progress Category:				Did not meet Adequate Yearly Progress			

Note: An asterisk (*) marks the indicator(s) where the school did not meet adequate yearly progress. If an indicator's value is below the achievement goal but no (*) is marked, then the indicator's value is within statistical reliability. Statistics are not shown for fewer than ten students. An (i) indicates insufficient data to determine adequate yearly progress; the value results from the combining of up to three years' data.

Achievement goals are raised every three years and may vary among categories when insufficient student numbers exist and multiple-year averaging is required. All students are held to the state's challenging achievement standards.
